At the Cape of Good Hope the Hottentots have long used BUCHU for a variety of diseases; it is borrowed from those rude practitioners by the English and Dutch physicians...

GRAVEL, CHRONIC CATARRH OF THE BLADDER, MORBID IRRITATION OF THE BLADDER AND URETHRA, FOR FEMALES WEAKNESS AND DEBILITY, FOR PROLAPSUS UTERI, DYSBASIS OF THE PROSTATE GLAND, RETENTION OR INCONTINENCE OF URINE.

To cure these diseases we must bring into action the muscles which are engaged in their various functions. To neglect them, however slight may be the attack, is sure to affect the bodily health and mental powers. Our flesh and blood are supported from these sources.

Persons at every period of life, from

INFANCY TO OLD AGE,

And in every state of health, are liable to be subjects of these diseases. The causes in many instances are unknown. The patent has, however, an admirable remedy in

RECONSTRUCTION.

Response of the Secretary of War to the House Resolution of Inquiry—The Sheridan-Grant Correspondence.

WASHINGTON, July 12.—In reply to a resolution of the 3d instant, calling for copies of all instructions, orders, and correspondence relating to the formation of the act entitled 'An act to provide for the more efficient government of the field of the military command, and to amend the act of May 3, 1862, in relation to the several district commanders, signed by Secretary Stanton, and addressed to General Grant. It is as follows:

General Grant to General Sheridan, June 7. General—I see a despatch from Washington announcing that the Secretary of War and myself favored a reprimand for your action in removing the Governor of Louisiana. It is not even in the city at the time. There is not one word of truth in the story.

General Sheridan to General Grant, June 7. Governor Flanders assumed duties of office today. He is a man of integrity and ability, and I now feel as though I were relieved of half my labors. As it has been heretofore, there was no difficulty in getting on with him.

General Grant to General Sheridan, June 7. The result of Mr. Stanbery's opinion is now beginning to show itself by a defiant opposition to all acts of the military commander, by insubordination and refusal to obey orders. It is not even in the city at the time. There is not one word of truth in the story.

General Grant to General Sheridan, June 7. I am in receipt of a communication from the Adjutant-General's Department, dated 20th of June, in reference to registration. I am at a loss to know whether it is an order or not. The form and phrasing are not that of an order, but I may be mistaken, and I ask for information, whether I am to regard it as an order.

General Grant to General Sheridan, June 25. A despatch of yesterday received. Enforce construction of the Military Bill until ordered otherwise. The opinion of the Attorney-General is in favor of the bill. It is not even in the city at the time. There is not one word of truth in the story.

General Grant to General Sheridan, June 25. I think it advisable for you to extend the time for registration in Louisiana until the 10th of July, throughout the whole State. The bill will have returned before that, and decide as to the further extension.

General Sheridan to General Grant, June 25. I have in relation to the State of Louisiana will be continued in obedience to the orders of the President, unless I receive further orders from him to the contrary.

General Sheridan to General Grant, July 2. I did not get your despatch of June 29 until today. It was mislaid in the Washington office. I had already ordered the extension in Louisiana to the 15th of July, and after the receipt of your letter of the 24th, the extension was made indefinite. The Board now have nothing to do in this city, and in most of the parishes.

General Grant to General Grant, June 25. General—Copy of your final instructions to Board of Registration, of June 10, 1867, is just received. I entirely dissent from the views contained in the instructions. It is not even in the city at the time. There is not one word of truth in the story.

THE PRIZE RING.

The Great 'Mill' for the Championship—McCooie Getting Himself Ready—How He Does It—A Visit to His Training Quarters at the Abbey.

Nowwithstanding the feelings of disapprobation with which many members of the community regard the gladiatorial combats of prize ring, yet there are few who can suppress some exhibition of interest when two men come forward as representatives of the physical vigor and strength of a great nation, and contend a fair and square terms for the wreath of victory.

The approaching contest between Aaron Jones, of Cincinnati, and the giant Mike McCooie, of this city, promises to be one of the most interesting and profitable to the public. It is not even in the city at the time. There is not one word of truth in the story.

McCooie has now been in training about two weeks, and already the constant exercise and regular hours are working their due effect. In fact, it would be well if every young man in the city were subjected to the same training, for it is but seeming the greatest strength by following the rules of hygiene and reaching the largest and most perfect physique.
